winds and flying dust, it will soon play
havoc with your complexion.

Then is when you need a good skin
protector—then is when you should
use PEROXIDE CREAM. It heals the
injuries made by the flying dust
and wind and prevents the hot sun
from acting upon the skin. By ap-
plying a little Peroxide Cream before
you go out and a little more just be-
fore you retire, you can keep your
complexion in the pink of condition.

STATE POLICE AT JEWETT CITY

Raided Four Places, Finding Liquor in Three of Them—
Arrests are to Follow—Result of Complaints which
Have Been Made.

Coming into Jewett City on the 4.45
train Thursday evening four members
of the state police force who had been
distributed throughout that section,
executed a planned raid for liquor and
found it in three of the four places
visited. Several complaints have
been made to the state police regard-
ing the sale of liquor in Jewett City,
the town being no license.

Having their instructions the four
members of the state police force,
Messrs. Wheeler, Jackson, Downing
and Ridd with three or four assistants
started in on their work at once and
caught the keepers unawares, except
in one case. They visited the places
kept by Ira Lewis, William Brickerly,
John Dolan and Edward Hedard and ex-
cept at Dolan's they found the liquor
and seized "quite a quantity. No

trouble was experienced and the liquor
was taken to the police station.

The raid attracted a large crowd as
the news circulated fast after it was
once started and many were out to see
the fun.

Mr. Lewis keeps the hotel at Jewett
City while Mr. Brickerly has a saloon
and restaurant claiming to sell only
soft stuff. Mr. Hedard kept the liquor in
his house. Mr. Dolan had kept a saloon
but nothing was found on his premises.

No arrests were made on Thursday
evening but eight or nine are under-
stood to be liable to be taken in with-
in a few days.

The affair was carefully planned.
Assistant Superintendent A. L. Story
directing the matter. The raid was in
every way a success and some inter-
esting cases will result it is claimed.

GETTING THE OUTDOOR

RANGE READY FOR USE.

Contract Has Been Let for Cutting
Brush, Setting Poles and Stringing
Wires—Ladies' Night to Be Held.

There was a regular drill of the
Third company on Thursday evening,
and following the routine work the
range section set up the new asphalt
instruments and did some work there-
on. The remainder of the company had
rifle practice.

The contract has been let for the
making ready for use of the outdoor
range back of Laurel hill. The out-
door season opens the first of April.
The contract involves the cutting of
brush, setting of new poles and the
stringing of telephone wires to the
buts. Captain Hagberg has received
regular army orders regarding the
shooting of C. C. C. members which
states that the 800 yard range will be
eliminated. The skirmlish run targets
will be changed so that battle sights
will be used. The range will be used
for the summer season.

There will also be a time limit for
going from one range to another. The
range will be used for the summer
season and the skirmlish run targets
will be used on a 500 background.

The entertainment committee is
planning a ladies' night on Thursday
evening. The committee consists of
company members and their lady
friends on April 7. There is no doubt
but that it will be a success.

On Thursday evening the Fifth com-
pany officers received instructions from
Lieutenant Andrus, and tonight
the officers of the company will be
instructed by him.

Transportation and Damage.

In another general order it is di-
rected that whenever duty of any
character, requiring transportation
(steam or trolley) is ordered, officers
affected will at once notify the assist-
ant adjutant general by letter or
through the office of the adjutant
general direct, of the quantity and
character of the transportation re-
quired, and the time required for the
same, and must not be resorted to
without permission from this of-
fice.

Attention is invited to the unso-
lidiarily practice of marking, and defac-
ing the campaign hats and other parts
of the military uniforms in some com-
panies. Wherever this is found, the
assistant quartermaster general is di-
rected to require the removal of such
articles so damaged to the property re-
sponsible officer, who in turn will see
that the enlisted man to whom the
clothing was issued pays for the same.

returned to the state arsenal for ex-

The Mrs. Cook Letter Was Private.

Bellingham, Wash., March 24.—Dr.
W. T. Axell, a friend of Explorer Dr.
Frederick A. Cook, declined to make
public the exact text of the letter he
received from Mrs. Cook, but said the
published version of it was not authen-
tic. "The letter was a private one
from a friend," he said. "Everything
I have said regarding it has been dis-
torted. No, the letter is private and
I must decline to give out its text."

A Dead Stomach

Of What Use Is It To Any-
one?

Thousands? Yes, hundreds of thou-
sands of people throughout America
are taking the slow death treatment
daily.

They are murdering their own stom-
ach, the best friend they have, and in
their sublime ignorance they think they
are putting aside the laws of nature.

This is no sensational statement. It
is a startling fact, the truth of which
any honorable physician will not deny.

These thousands of people are swal-
lowing daily huge quantities of pepsin
and other strong digesters, made espe-
cially to digest the food of the stom-
ach without any aid at all from the di-
gestive membrane of the stomach.

In other words, they are taking from
the stomach the work that nature in-
tended it should do, and are also refus-
ing it the only chance for exercise it
has.

Mi-o-na stomach tablets relieve dis-
tressed stomach in five minutes; they
do more. Taken regularly for a few
weeks they build up the run down
stomach and make it strong enough to
digest its own food. Then indigestion,
belching, sour stomach and headache
will go.

Mi-o-na stomach tablets are sold by
druggists everywhere and by The Lee
& Osgood Co., who guarantee them.
